

# July Photo of the Month

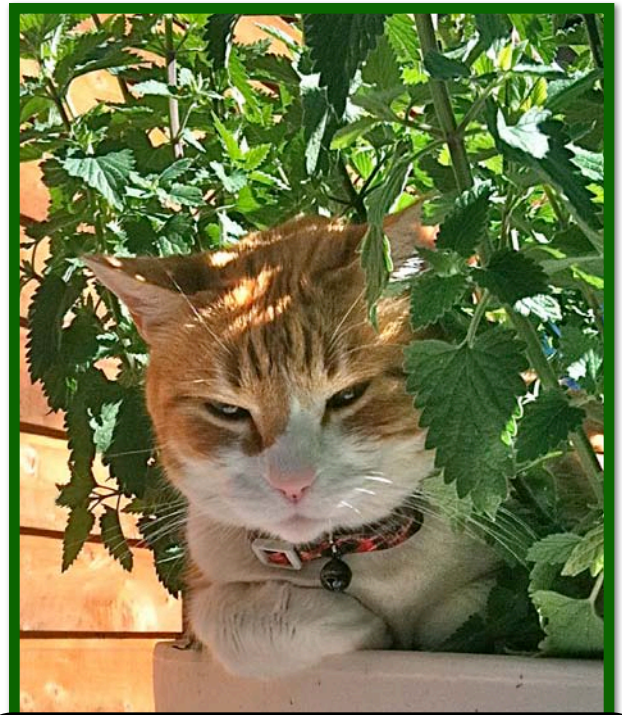

## Jacy Greco

I made it myself. I use my claws as needles and cut the fabric with my teeth. Really. So I get a bag of Royal Canin for my cleverness.

## Ringo Komoto

Well I grew it myself and sell it to my buddies. Since I obviously don't need any nip that isn't fresh I'll take a toy of my choosing. Thanks for letting my human share my hobby.

## Smoggy Surls

I don't do beds. I just do cute. And I am a "smoke" not a "smog" but tell that to the humans. They don't listen. I'll take the catnip.  
*Keep the photos coming!*
